Silica Arabia 2012

This symposium provides a venue to the Saudi investors for sharing knowledge and ideas and exploring business opportunities with international players in silica mining, processing and manufacturing of silica based advanced materials and high-tech products.

Saudi Arabia has huge resources of silica sand and quartz as well as well-developed infrastructure and industrial cities where water, electricity, fuel and other services are available at subsidized rates.

Saudi investors are looking forward to utilizing these resources wisely and are willing to produce specialty glasses, silicon carbide, silica chemicals, fused silica and silica fillers using Saudi silica sand. Saudi industrialists are eyeing on producing silicon metal for aluminum and silicones. Manufacturing of Polysilicon is in its early stage and efforts are made to produce ultra high purity and high purity quartz using Saudi quartz resources.

INAUGRAL CEREMONY (March 12)

- Registration (Technical Building, in front of Dr. Assad Tawfiq Auditorium): 5:00 p.m.
- Opening speech by Dr. Zohair Nawab (President 7:00 p.m.
- Introduction of participant 8:30 p.m.
- Dinner (sponsored by NICDP): 9:00 p.m.

March 13

- Registration 8:00
- Breakfast 8:00-8:45
- Morning Session 1 8:45-10:45
- Refreshments 10:45-11:15
- Morning Session 2 11:15-12:30
- Prayer & Lunch 12:30-02:15
(Lunch sponsored by Adwan Chemicals)
- Afternoon Session 1 02:15-04:00
- Prayer and Refreshments 04:00-04:30
- Afternoon Session 2 04:30-06:00
- Panel Discussion 06:00-06:20
- End of the Session
- Dinner 08:30

March 14

- Registration 8:00
- Breakfast 8:00-8:45
- Morning Session 8:45-10:45
- Refreshments 10:45-11:15
- Morning Session 2 11:15-12:30
- Prayer and Lunch 12:30-02:15
- Afternoon Session 1 02:15-04:00
- Prayer and Refreshments 04:00-04:30
- Afternoon Session 2 04:30-06:00
- Panel Discussion 06:00-06:15
- Closing Remarks 06:15-06:30
- Dinner 08:30

CONFIRMED PARTICIPANTS

Adwan Chemicals	IDEA International	The Quartz Corporation	NICDP (Saudi Arabia)
United Mining Investment Co (UMIC)	Sumitomo (Saudi Arabia)	Imerys Ceramics	Ma'aden (Saudi Arabia)
National Factory for Processing	Saudi Steel Pipe	Norwegian Crystallite	
Delmon Group	Summit Technologies	Anzaplan / Dorfner	
Al-Zahid Mining & Industrial Group	AD-Dughm Mining	Hosokawa Micron
